

Fine EVERWOOD™

*Hurricane-Ready Steel Garage Doors With
The Look of Natural Wood*

Spice up your new hurricane resistant garage door with the rich, beautiful look and feel of authentic wood with DAB's new Fine Everwood professional finish. Our new Everwood color option is a flexible baked-on polyester finish that achieves the warm feel of high-grade natural wood on an embossed steel surface to produce a stunning effect.

Benefits:

- Authentic warmth and glow of natural wood.
- Durability of galvanized steel performance.
- Eliminates expense of regular wood maintenance .
- No more wood re-surfacing due to weathering.
- No fading, rotting, splitting, shrinking or cracking .
- Hurricane Rated Doors - large and small missile impact.
- Miami-Dade County and Florida Building Code approved.

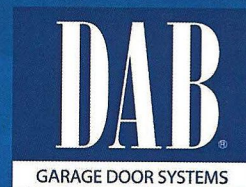

High-Impact Window Option Available

Hurricane-Ready Windows are available to complement your new Everwood Door.

The warm beauty of Fine Everwood's natural wood look is so realistic that woodpeckers want to peck at it.
